Dear Mr. Sidhu,

The purpose of this letter is to express my gratitude to you and your team for the decade long partnership you and your organization have provided to me personally, and to the Palm Tree organization.

I have worked with your firm since 2007 for various business interests, including custom development of approximately a dozen websites and ideation and creation of various marketing collateral and content. The quality of work delivered is always extremely high and your staff are highly professional and provide quick turnarounds. I have never felt that I was working with a team in a different time zone, which is something very important for an offshore partner.

I could not be happier with the service we have received and the friendship we have built over the years. I look forward to continuing and growing our partnership for years to come.

All the best,
