

To Whom It May Concern:

Worldwide Boat LLC is a Fort Lauderdale, Florida based luxury yacht charter company that organizes private yacht charters to some of the most exquisite destinations across the world. Our business requires the design and development of marketing collaterals and digital communications on an ongoing basis.

Milagro Interactive was recruited for this purpose in 2016 and have since been engaged in supporting our digital requirements. Over the years, their team has regularly worked on a wide range of projects including the design of brochures, charter itineraries, corporate stationery and other communications assets. Milagro Interactive is also responsible for the development of our digital marketing campaigns and administration of our customer relationship management (CRM) system.

Our team has worked closely with Milagro Interactive and find them willing to continually learn about the dynamics of our business.

We look forward to our continued association and are happy to recommend Milagro Interactive to others who may require a reliable digital services partner.

Sincerely,

Katja Kukovic
